How To Use This C-TRAN Timetable

Time points are given only for certain points along the bus route.
Locate your stop on the map.
Find the nearest time point before your stop.
Choose the time you need to travel. Letters next to times refer to important foot-notes you should read.
Depending on your direction of travel, find that timepoint on the Inbound or Outbound time section for weekdays or weekends.
If your departure or arrival location is between one of the timepoints, you must estimate the time the bus will arrive at your stop.
To follow a bus trip, read across the page.
A blank appearing under a timepoint means a bus does not pass by that point on that particular trip.
Be at the bus stop a few minutes early to allow for variations in schedule.
All times given may vary with weather and traffic conditions.
